Ismar,

It was nice speaking with you just now. We are following up on the invitation our Embassy in Zagreb sent to **Mayor Sisis to attend the Ron Brown Forum**. We think that it would be an excellent opportunity given its focus on local economic development and Tesanj's great success. The conference is in Opatija on Monday, April 2 and Tuesday, April 3. It is possible to take the return flight to Sarajevo on Tuesday evening from Zagreb. Here is information on the forum: www.brownforum.net

Here is information on confirmed attendees: <http://www.brownforum.net/publicData.aspx> It will also be a great opportunity for your municipality to make contact with representatives of U.S. municipalities who will also be attending.

Representatives from our USAID Economic Growth Office will also be attending.

We very much hope that the mayor or his representative may make it.

Kind Regards,

Adrienne
